

GREATEST DISASTER IN MARINE HISTORY--1,800 LIVES LOST

GIANT LINER FOUNDERS

White Star Liner Titanic Receives Death Blow in Iceberg Collision.

APPALLING LOSS OF HUMAN LIFE RESULTS

Probably Eighteen Hundred Persons Sink With the Ill Fated Vessel.

WENT TO BOTTOM IN 4 HOURS

8:25 A. M.

Special to The Dispatch:

New York, April 16.—The latest dispatches show that the giant liner, the Titanic, went to the bottom less than four hours after striking the iceberg and before assistance reached her.

Hundreds perished, but the exact number is not yet known. Of 2,200 persons on board, some of them of world wide prominence, 866 are known definitely to have been saved.

In command of the steamship Titanic was Capt. E. S. Smith. He was on the bridge of her sister ship, the Olympic, when the latter collided with the British cruiser Hawke in the English channel last September.

CARPATHIA SAVED 800

11:50 A. M.

Special to Dispatch:

New York, April 16.—Captain Rosset, of the Steamship Carpathia, today sent a wireless message to the agent of the Cunard Line saying the Carpathia, with over 800 passengers of the Titanic on board, was proceeding slowly toward New York through fields of ice. She is expected to reach New York Friday morning.

So far as known 80 New Yorkers lost their lives. It is believed that more than 1,300 persons perished when the Titanic sank.

The Carpathia is known to have 866 passengers on board, most of them women and children.

Only a fragmentary list rescued was cabled to New York. The officials of the White Star line believe the steamer Virginian picked up a number of passengers whose names are yet unknown. Mrs. John Jacob Astor was among those saved.

New York, April 16.—A wireless message from the White Star liner Olympic, one of the vessels hovering near the scene of the disaster, flashed the news that 866 of the Titanic's passengers, mostly women and children, were being brought to port by the Cunard Carpathia. It, as seems probable, practically all those saved were passengers. It would appear that all but approximately 450 of the vessel's passengers are accounted for.

New York, April 16.—More than 1,200 persons it is feared were drowned when within four hours after she crashed into an iceberg the mammoth White Star liner Titanic, bound from Southampton to New York on her maiden voyage, went to the bottom off the Newfoundland banks. Of the approximately 2,200 persons on board the giant liner, some of them of world wide prominence, only 866 are known to have been saved. The White Star offices in New York, while asserting hope to the last, admitted that there had been "horrible loss of life."

Accepting the early estimates of the fatality list as accurate the disaster

is the greatest in the history of navigation. Nearest approaching it in magnitude was the disaster to the steamer Atlantic, also a White Star liner, in 1873, when 547 lives were lost, and to La Bourgogne, 1898, with a loss of 571.

Should it prove that other liners, notably the Allan liners Parisian and Virginian, known to have been in the vicinity of the Titanic, had picked up other of her passengers the extent of the calamity would be greatly reduced. This hope still remains.

TIDINGS OF TERRIBLE

DISASTER GREAT SHOCK.

News of the sinking of the liner and the terrible loss of life in consequence came with all the greater shock because hope had been buoyed up by reports that the steamship, although badly damaged, was not in a sinking condition and that all her passengers had been safely taken off. The messages were mostly unofficial, however, and none came direct from the liner, so that a lurking fear remained of possible bad news to come.

There came flashing over the wires from Cape Race, within 400 miles of which the liner had struck the iceberg, word that at 2:20 o'clock Monday morning, three hours and fifty-five minutes after receiving her death blow, the Titanic had sunk. The news came from the steamer Carpathia, relayed by the White Star liner Olympic, and revealed that by the time the Carpathia, outward bound from New York and racing for the Titanic on a wireless call, reached the scene the doomed vessel had sunk.

Left on the surface, however, were lifeboats from the Titanic and in them, as appears in meager reports received, were some 866 survivors of the disaster. These, according to the advices, the Carpathia picked up and is now on her way with them to New York.

FINDS ONLY WRECKAGE

OF FLOATING PALACE.

For the rest, the scene as the Carpathia came up was one of desolation. All that remained of the \$10,000,000 floating palace, on which nearly 1,400 passengers had been voyaging luxuriously to this side of the Atlantic, were some bits of wreckage.

The biggest ship in the world had gone down, snuffing out in her downward plunge, it appeared, hundreds of human lives.

A significant line in the Cape Race dispatch was the announcement that of those saved by the Carpathia nearly all were women and children. Should it prove that no other vessel picked up any passengers of the sinking liner this might mean that few of the men on board had been saved, as the proportion of women and children among the passengers was large. The same facts would likewise spell the doom of practically the entire crew of 800.

In the cabins were 230 women and children, but it is not known how many there were among the 740 third class passengers.

In the first cabin there were 128 women and 15 children and in the second cabin 79 women and 8 children.

MANY NOTABLE PERSONS

TRAVELING ON TITANIC.

Notable persons, traveling on the Titanic, whose fate was in doubt in the lack of definite advices as to the identity of the survivors, were Mr. and Mrs. John Jacob Astor, Major Archibald Butt, aide to President Taft; Charles M. Hays, president of the Grand Trunk Pacific of Canada, his wife and daughter; W. T. Stead, Benjamin Guggenheim, F. D. Millet, the artist; J. G. Widener of Philadelphia; Mr. and Mrs. Isador Straus, J. B. Thayer, vice president of the Pennsylvania railroad; J. Bruce Ismay, Henry B. Harris, the theatrical manager, and Mrs. Harris; and Colonel Washington Roebling, builder of the Brooklyn bridge.

A ray of hope appeared in a message to New York from the operator at the Marconi wireless station at Sable Island, near the scene of the disaster. Answering an inquiry regarding the delivery of wireless messages to the passengers of the Titanic the operator reported that it was difficult to deliver them, "as the passengers are believed to be dispersed among several vessels."

Even this faint indication that other vessels than the Carpathia had picked up survivors of the Titanic was eagerly seized by thousands of relatives and friends of those who had set sail on her for this country.

MEN FIGHT TO GET NEWS

Police Reserves Called to Control New York Crowd.

New York, April 16.—Police reserves had to be called to several sections of the city to control crowds gathered around newspaper bulletin boards for news of the Titanic. The disaster shocked the bay Broadway district. The newspaper district was crowded. Dowling Green, in front of the White Star line offices, was the parking place of a large number of automobiles of prominent residents of the city who had driven downtown for first hand information. Wealth rubbed elbows with poverty in the crowd that besieged the steamship line offices.

ICEBERG WAS FAR SOUTH

Sir Ernest Shackleton Says Titanic Was Out of Supposed Range.

London, April 16.—Practically all of the Titanic's crew belong to Southampton, where the greatest anxiety prevails as to their fate.

Sir Ernest H. Shackleton says the scene of the Titanic disaster was four miles south of the supposed possible range of ice fields.

MONETARY LOSS WILL BE LARGE

Titanic Valued at \$8,000,000 and She Had on Board Diamonds and Bonds.

SMALL AMOUNT OF FREIGHT

Cargo Worth About Half Million Dollars and 3,424 Bags of Mail Total Loss.

New York, April 16.—The Titanic was insured at Lloyds' for \$5,000,000, according to advices from London, and it was said that the International Mercantile Marine company also carried a surplus fund for insurance purposes which could be applied to the loss. The cost of building the great liner has been estimated at \$10,000,000, although Vice President Franklin of the White Star line insisted that her value was not over \$8,000,000.

The total monetary loss caused by the sinking of the ship, however, is certain to run to many millions more, but the total amount cannot even be conjectured. It is generally understood that the vessel had aboard diamonds of great value, estimated as high as \$5,000,000, and also a large amount of bonds. The amount of freight carried was comparatively small for the size of the ship and, according to a White Star official, its value would not reach over \$500,000.

The Titanic carried 3,424 bags of mail of unknown value which it is hardly likely was saved.

CAPTAIN HAD FINE RECORD

Titanic's Commander Thirty-eight Years in Service.

New York, April 16.—The honor bestowed on Captain Edward John Smith, when he was selected to command the Titanic and taken off the Olympic for that purpose was considered remarkable among steamship commanders, for it is a deep sea tradition that a captain's career is ended when his vessel meets with serious mishap.

The Olympic has twice met with misfortune with Captain Smith as her commander, but the White Star company knew that they were justified in placing every reliance on the man who has ruled over the finest steamships in the world.

Captain Smith has been in the service of the White Star company for thirty-eight years. He has commanded the Republic—the old Republic, not the one that the Florida sank off Nantucket lightship—the Britannic, the Germanic and the Majestic.

He brought over the Baltic when she was the biggest vessel on the seas; then the Adriatic and last the Olympic. In the White Star service he is known as "The Old Man."

LIVELY SCENE AT LLOYDS

Shippers Rush to Reinsure on Hearing First News.

London, April 16.—Some of the London newspapers went to press under the belief that all aboard the Titanic were safe and that the vessel was proceeding for Halifax. These in editorially congratulated all concerned that man's inventive genius has reduced the perils of a sea voyage to a minimum.

Later dispatches recording the sinking of the Titanic with loss of life appear only in the very latest editions. Exciting scenes were witnessed at Lloyds during the last six months in liners of the biggest class have been unparalleled in the history of Lloyds. Since the Olympic collision both the Delhi and Oceania have been wrecked and now comes the disaster of the Titanic. When business opened there was a rush to reinsure. Fifty guineas per cent was charged and this rapidly rose to 60, but later dropped to 25 on news that the Titanic was being towed to Halifax.

Nineteen Injured in Wreck.

Pueblo, Colo., April 16.—Nineteen passengers were injured, several of them seriously, when the Pueblo section of the Rocky Mountain limited train of the Rock Island line was derailed at Cuba, a small flag station eleven miles north of here.

The Crumbs and the Crust.

Eat the crust of bread in preference to the crumb. This is the advice of the London Lancet. This famous London medical publication says that analysis shows that "the crumb contains on an average 43 per cent of moisture, while the crust contains only 20 per cent. One important dietetic difference between crust and crumb is the fact that the former contains an increased amount of soluble carbohydrates owing to the action of intense heat which the crust receives compared with the crumb during baking. Moreover, the crust has a more pronounced bread flavor than the crumb, a flavor which is attractive and which stimulates the flow of digestive juices."

COLONEL J. J. ASTOR.

Wealthiest Passenger on Board Ill Fated Titanic.

MANY WEALTHY PASSENGERS

Colonel John Jacob Astor Richest Man on Titanic.

New York, April 16.—Immense wealth was represented among the passengers of the Titanic, there being on board at least six men each of whose fortunes might be reckoned in tens of millions of dollars. A rough estimate of the total wealth represented in the first class passenger list would reach over half a billion dollars. The wealthiest of the list is Colonel John Jacob Astor, head of the famous house whose name he bears, who is reputed to be worth \$150,000,000. Mr. Astor was returning from a tour of Egypt with his bride, who was Miss Madeline Force, to whom he was married in Providence Sept. 9.

TOTAL LIVES LOST EIGHTEEN HUNDRED

Message From Olympic Confirms Appalling Disaster.

New York, April 16.—The text of the message from the steamer Olympic reporting the sinking of the Titanic and the rescue of 675 survivors, which reached here, also expressed the opinion that 1,800 lives were lost.

"Loss likely total 1,800," the dispatch said in its concluding sentence. It is hoped and believed here that this is an error, unless the Titanic had more passengers on board than was reported. The list as given out showed 1,310 passengers and a crew of 860, or 2,170 persons in all. Deducting 675, the known saved, would indicate a loss of 1,495 persons.

The Olympic's dispatch follows:

"Carpathia reached the Titanic position at daybreak. Found boats and wreckage only. Titanic sank about 2:20 a. m. in 41:16 N.; 50:14 W. All her boats accounted for, containing about 675 souls saved, crew and passengers included. Nearly all saved women and children. Leyland liner Californian remained and searching exact position of disaster. Loss likely total 1,800 souls."

SAVED SUFFER HARDSHIPS

Dispatch Says They Were Picked Up Eight Hours After Sinking.

New York, April 16.—Those who were saved after the disaster have gone through hardships of exposure and peril which may have left many of them in a serious condition. A dispatch given out at the White Star offices said that those rescued by the Carpathia were picked up from a "small fleet" of lifeboats at 10:30 o'clock Monday morning, eight hours after the Titanic is reported to have gone to the bottom.

PRESIDENT SEEKING NEWS

Has Frequent Inquiries Made About Major Butt.

Washington, April 16.—President Taft had frequent inquiries made of the newspaper offices and the steamship companies for his aide, Major Archibald W. Butt, one of the passengers on the Titanic.

No word has been received at the homes of Frank D. Millet, the painter; Colonel Archibald Grace or Clarence Moore, the three other Washingtonians aboard.

GRAVE IS TWO MILES DEEP

Titanic Lies Far Under Sea About 500 Miles From Halifax.

Halifax, April 16.—The deathbed of the \$10,000,000 steamer Titanic is two miles, at least, below the surface of the sea.

About 500 miles from Halifax and about seventy miles south of the Grand Banks is where the Titanic is believed to have gone down.

This location is midway between Sable Island and Cape Race.

BUREAU MAKES UGLY CHARGES

Accuses Colonel Roosevelt of Trying to Wreck Party.

TAFT HEADQUARTERS ACTIVE

President's Campaign Officials Visit White House and Later Issue Statement Declaring Sage of Sagamore Hill Has Stopped at Practically Nothing to Accomplish Destruction of Republican Organization.

Washington, April 16.—A statement in part as follows was issued from the national Taft bureau after a visit to the White House of officials of the president's campaign headquarters: "Former President Theodore Roosevelt in his campaign for renomination for a third term is conducting an organized propaganda to wreck the Republican party. No word or deed has up to this time been too mendacious or too mean, either on his own part or on the part of his understrappers to accomplish the end they have in view."

"Mr. Roosevelt himself has denounced by name the Republican leaders in New York state who now oppose him for a third term, regardless of the fact that he accepted to the full of their support for governor and for vice president and president of the United States, and notwithstanding the fact that William L. Ward of New York, who for years has worked hand in glove with every Republican leader in the state from Thomas C. Platt and B. B. Odell down to William Barnes, Jr., has been the active supporter, political adviser and personal representative of Mr. Roosevelt in all 'deals' necessary to the progress of the Roosevelt movement engineered from New York headquarters in this contest."

"In contrast, the conduct of President Taft and his supporters stands forth as a sincere endeavor to maintain the Republican party, not only in accordance with its principles but as a political organization which wins victories at the polls."

"The deliberate, reckless and mendacious campaign of Theodore Roosevelt for the wrecking of the Republican party is called to the attention of the country in order that the issues hereafter may not be misunderstood."

ARE CONFIDENT OF VICTORY

Taft's Friends Say He Will Win on First Ballot.

Washington, April 16.—The Roosevelt victory in Pennsylvania, following his victory earlier in the week in Illinois, has drawn the lines tighter in the contest between the president and the former president. Roosevelt now believes that he will be able to win away from Taft some of the latter's support in the South and he will make a stumping tour in that section as soon as he gets through with his trip to the Middle West.

The Taft people, however, insist that Taft will be nominated on the first ballot at Chicago, not by as large a majority as some of them had been figuring, but still by a majority large enough to show that Taft is decisively the choice of the party. There is to be no compromise candidate, they say.

BLAMING SENATOR PENROSE

Taft Supporters Bitter Over Pennsylvania Result.

Washington, April 16.—The Taft people think it is time for Senator Penrose to come ashore from his yacht and explain, if he can, what happened to the president in Pennsylvania Saturday.

They are bitter toward him, not for publication but privately. What they say about him among themselves would burn out a wireless plant. The senator, however, has gone aboard his yacht, it is said.

They not only are sore over the result but they also are disgusted over the manner in which Penrose began to claw out to sea when he saw he was on a lee shore, leaving them to battle with the breakers.

SMALL TOWNS WIPED OUT

Floods Make Thousands of Persons Homeless.

New Orleans, April 16.—Parts of thirteen parishes in Northeast Louisiana are facing a deluge unparalleled in the history of disastrous floods of the lower Mississippi valley. Numerous towns in East Carroll and Madison parishes already have been wiped out, vast stretches of valley lands are covered by from six to twenty feet of water and a flood twenty feet deep and more than a mile wide is rushing through the great Dog Tail crevasse near Abbeville, La. Already thousands are homeless and destitute.

Lewis Jury Has Disagreed.

St. Louis, April 16.—The jury in the trial of E. G. Lewis, charged in the United States district court with using the mails to defraud, reported to Judge Amidon that it was unable to agree. Judge Amidon discharged the jury. It had been out seventy hours.

HARRY K. THAW.

Will Have New Inquiry Into Mental Condition.

THAW SEEKS LIBERTY AGAIN

Supreme Court Justice Seeks New Inquiry Into Mental Condition.

New York, April 16.—On application of Clarence J. Shearn, a writ of habeas corpus was signed by Supreme Court Justice Stapleton in Brooklyn, directing Dr. John W. Russell, superintendent of Matteawan insane asylum, to produce Harry K. Thaw in the supreme court in Brooklyn next Friday at noon for a judicial inquiry into his present mental condition.

New Hamline President.

St. Paul, April 16.—The committee selected by the board of trustees of Hamline university at a meeting of Clarence J. Shearn, a writ of habeas corpus was signed by Supreme Court Justice Stapleton in Brooklyn, directing Dr. John W. Russell, superintendent of Matteawan insane asylum, to produce Harry K. Thaw in the supreme court in Brooklyn next Friday at noon for a judicial inquiry into his present mental condition.

CONCEDES LOSS OF LIFE WILL BE HEAVY

White Star Official Describes Disaster as Horrible.

New York, April 16.—Vice President Franklin of the White Star line conceded that there had been "a horrible loss of life" in the Titanic disaster. He said that he had no information to disprove the press advices from Cape Race that only 675 of passengers and crew had been rescued. He said that the monetary loss could not be estimated, although he intimated that it would run into the millions.

"We can replace the money," he added, "but not the lives. It is horrible."

Mr. Franklin continued: "As far as we know it has been rumored from Halifax that three steamers have passengers on board, namely, the Virginian, the Carpathia and Parisian. Now we have heard from Captain Haddock of the Olympic that the Titanic sank at 2:20 o'clock Monday morning. We have also learned from him that the Carpathia had 675 survivors on board. It is very difficult to learn if the Virginian and Parisian have any survivors on board. We have asked Captain Haddock and our agent at Halifax to ascertain if there are any passengers aboard the two steamships."

"We very much fear, however, that there has been a great loss of life, but it is impossible for us to give further particulars until we have heard from the Parisian and Virginian. We have no information that there are any passengers aboard these two steamships."

CALLS HARMON REACTIONARY

Bryan Opens Campaign Against Governor in Ohio.

Akron, O., April 16.—William J. Bryan spoke here after having delivered a half dozen ten-minute speeches in as many cities on the first day of his anti-Harmon campaign in Ohio. Mr. Bryan declared the Ohio governor was "one of the greatest reactionaries the country has known."

The trip began with a speech at Ravenna, in which he said:

"I affirm that Harmon has not changed his sympathies since 1896 when he was with President Cleveland in opposing the Democratic party."

"I affirm that Harmon's sympathies are, as they were then, with the Wall street masses."

Dalzell is Defeated.

Pittsburg, April 16.—John Dalzell, representative from the Thirtieth Pennsylvania district, has been defeated for the renomination by M. Clyde Kelly, a progressive in the last legislature. The result was definitely known when the official count was made.

Monsignor McNamara Dead.

New York, April 16.—Monsignor V. P. McNamara, vicar general of the Long Island diocese and rector of St. Joseph's Roman Catholic church in Brooklyn, is dead at Amityville. He had been in ill health for more than a year.

DEMOCRATS' FIRST BREAK

Caucus Decision in Battleship Matter Caused It.

QUITE A FEW HAVE BOLTED.

Result May Be One if Not Two Ships. \$33,000,000 Asked by Ayres For New York Harbor Improvements—Senator Smith of Georgia Would Create a Division of Markets.

By ARTHUR W. DUNN.

Washington, April 16.—[Special.]—The first break in the Democratic ranks, interrupting the smooth sailing which that party has enjoyed from the beginning of the Sixty-second congress, comes as a result of the determination of quite a number of Democrats not to stand by the caucus in the matter of battleships. Twice the caucus has decreed there shall be no appropriation for battleships at this session and once turned down the mild and conservative Chairman Padgett of the naval committee, who advocated at least one ship.

The fight on battleships has been carried on by those congressmen who have been refused any public building "perk" by the majority of the Democrats controlling the caucus. "No buildings, no battleships," has been the slogan, and for a time it looked as if it might prove a winning cry, but if the refusal to stand by the caucus should have any considerable support it will mean at least one if not two ships.

Seaboard Men Interested.

Men representing seaboard cities are much interested in battleships. This applies particularly to New York, where Congressman Ayres, representing the Bronx district, has been one of the first to proclaim his intention to support two battleships. Ayres is hustling for New York on general principles. He has introduced a bill for improving New York harbor, which will cost \$33,000,000.

Division of Markets.

Senator Hoke Smith of Georgia has introduced and reported from the committee on agriculture a bill establishing a division of markets in one of the bureaus of the agricultural department. It is rather a good idea, too, for it is in the direction of what farmers and producers are doing for themselves in the way of eliminating the middleman. The new division is expected to furnish information to farmers and to societies of consumers so that the former may know what they can charge for their products and the latter may know how much they ought to pay. Perhaps this may develop into making a bureau between producers of agricultural products and the consumers without making the usual percentage.

Looks After Alaska.

Although Congressman Sulzer is chairman of the foreign affairs committee he still is true to Alaska, whose interests were cared for by the committee on territories, of which Sulzer was a long time member. Sulzer's latest effort is to give \$10 bounty each for wolves killed in Alaska. Bounties for killing wolves have often been given by states and communities, but the general government is rather shy of all bounty propositions.

Vain Regrets.

"I should regret to spend another summer in Washington," remarked Senator Bristow of Kansas, urging the senate to hurry along its business. "I am now serving my fourth year," he continued, "and I have spent every summer in Washington. Unless we get down to business soon we will find ourselves struggling through a hot summer."

Very, very true, but did the senate "get a move on" after that warning? Not to speak of. After debating something for a short time the senate adjourned over Saturday and continued to meet at 2 o'clock.

Arizona on the Job.

That newest state—I suppose that Arizona will be called the last state because so named in the admission bill—is making itself felt in the senate. Already her senators have attempted to disestablish that hoary old tradition about keeping everything regarding executive sessions in the dark. They have been insisting that a joint resolution, protesting against the confirmation of a Federal appointee in that state, passed by the state legislature and published in the papers, shall be printed in the record. Objections have been made by the "elder statesmen" on the ground that the document is "secret" or belongs to executive session secrecy. Funny, isn't it?

Chicago "Indians."

In discussion of the Indian appropriation bill Congressman Mann said that the people of his town would deem themselves fortunate if they could have the government build bridges for them and keep them in constant repair.

"But you are not an Indian," remarked Murdock of Kansas.

"We have more Indians in Chicago than there are in the United States outside of Chicago of red skin," declared Mann, and those who knew something of the kind of "Chicago Indians" to which Mann alluded appreciated his little joke.

It is generally understood that the vessel had aboard diamonds of great value, estimated as high as \$5,000,000, and also a large amount of bonds. The amount of freight carried was comparatively small for the size of the ship and, according to a White Star official, its value would not reach over \$500,000.

The Titanic carried 3,424 bags of mail of unknown value which it is hardly likely was saved.

CAPTAIN HAD FINE RECORD

Titanic's Commander Thirty-eight Years in Service.

New York, April 16.—The honor bestowed on Captain Edward John Smith, when he was selected to command the Titanic and taken off the Olympic for that purpose was considered remarkable among steamship commanders, for it is a deep sea tradition that a captain's career is ended when his vessel meets with serious mishap.

The Olympic has twice met with misfortune with Captain Smith as her commander, but the White Star company knew that they were justified in placing every reliance on the man who has ruled over the finest steamships in the world.

Captain Smith has been in the service of the White Star company for thirty-eight years. He has commanded the Republic—the old Republic, not the one that the Florida sank off Nantucket lightship—the Britannic, the Germanic and the Majestic.

He brought over the Baltic when she was the biggest vessel on the seas; then the Adriatic and last the Olympic. In the White Star service he is known as "The Old Man."

LIVELY SCENE AT LLOYDS

Shippers Rush to Reinsure on Hearing First News.

London, April 16.—Some of the London newspapers went to press under the belief that all aboard the Titanic were safe and that the vessel was proceeding for Halifax. These in editorials congratulate all concerned that man's inventive genius has reduced the perils of a sea voyage to a minimum.

Later dispatches recording the sinking of the Titanic with loss of life appear only in the very latest editions.

Exciting scenes were witnessed at Lloyd's underwriting rooms. Insurance losses during the last six months in liners of the biggest class have been unparalleled in the history of Lloyd's. Since the Olympic collision both the Delhi and Oceania have been wrecked and now comes the disaster of the Titanic. When business opened there was a rush to reinsure. Fifty guineas per cent was charged and this rapidly rose to 60, but later dropped to 25 on news that the Titanic was being towed to Halifax.

Nineteen Injured in Wreck.

Pueblo, Colo., April 16.—Nineteen passengers were injured, several of them seriously, when the Pueblo section of the Rocky Mountain limited train of the Rock Island line was derailed at Cuba, a small flag station eleven miles north of here.

The Crumbs and the Crust.

Eat the crust of bread in preference to the crumbs. This is the advice of the London Lancet. This famous London medical publication says that analysis shows that "the crumb contains on an average 43 per cent of moisture, while the crust contains only 20 per cent. One important dietary difference between crust and crumb is the fact that the former contains an increased amount of soluble carbohydrates owing to the action of intense heat which the crust receives compared with the crumb during baking. Moreover, the crust has a more pronounced bread flavor than the crumb, a flavor which is attractive and which stimulates the flow of digestive juices."

COLONEL J. J. ASTOR.

Wealthiest Passenger on Board Ill Fated Titanic.

MANY WEALTHY PASSENGERS

Colonel John Jacob Astor Richest Man on Titanic.

New York, April 16.—Immense wealth was represented among the passengers of the Titanic, there being on board at least six men each of whose fortunes might be reckoned in tens of millions of dollars. A rough estimate of the total wealth represented in the first class passenger list would reach over half a billion dollars.

The wealthiest of the list is Colonel John Jacob Astor, head of the famous house whose name he bears, who is reputed to be worth \$150,000,000. Mr. Astor was returning from a tour of Egypt with his bride, who was Miss Madeline Force, to whom he was married in Providence Sept. 9.

TOTAL LIVES LOST EIGHTEEN HUNDRED

Message From Olympic Confirms Appalling Disaster.

New York, April 16.—The text of the message from the steamer Olympic reporting the sinking of the Titanic and the rescue of 675 survivors, which reached here, also expressed the opinion that 1,800 lives were lost.

"Loss likely total 1,800," the dispatch said in its concluding sentence. It is hoped and believed here that this is an error, unless the Titanic had more passengers on board than was reported. The list as given out showed 1,310 passengers and a crew of 860, or 2,170 persons in all. Deducting 675, the known saved, would indicate a loss of 1,495 persons.

The Olympic's dispatch follows: "Carpathia reached the Titanic position at daybreak. Found boats and wreckage only. Titanic sank about 2:20 a. m. in 41:16 N.; 50:14 W. All her boats accounted for, containing about 675 souls saved, crew and passengers included. Nearly all saved women and children. Leyland liner Californian remained and searching exact position of disaster. Loss likely total 1,800 souls."

SAVED SUFFER HARDSHIPS

Dispatch Says They Were Picked Up Eight Hours After Sinking.

New York, April 16.—Those who were saved after the disaster have gone through hardships of exposure and peril which may have left many of them in a serious condition. A dispatch given out at the White Star offices said that those rescued by the Carpathia were picked up from a "small fleet" of lifeboats at 10:30 o'clock Monday morning, eight hours after the Titanic is reported to have gone to the bottom.

PRESIDENT SEEKING NEWS

Has Frequent Inquiries Made About Major Butt.

Washington, April 16.—President Taft had frequent inquiries made of the newspaper offices and the steamship companies for his aide, Major Archibald W. Butt, one of the passengers on the Titanic.

No word has been received at the homes of Frank D. Millet, the painter; Colonel Archibald Gracie or Clarence Moore, the three other Washingtonians aboard.

GRAVE IS TWO MILES DEEP

Titanic Lies Far Under Sea About 500 Miles From Halifax.

Halifax, April 16.—The deathbed of the \$10,000,000 steamer Titanic is two miles, at least, below the surface of the sea.

About 500 miles from Halifax and about seventy miles south of the Grand Banks is where the Titanic is believed to have gone down.

This location is midway between Sable Island and Cape Race.

BUREAU MAKES UGLY CHARGES

Accuses Colonel Roosevelt of Trying to Wreck Party.

TAFT HEADQUARTERS ACTIVE

President's Campaign Officials Visit White House and Later Issue Statement Declaring Sags of Sagamore Hill Has Stopped at Practically Nothing to Accomplish Destruction of Republican Organization.

Washington, April 16.—A statement in part as follows was issued from the national Taft bureau after a visit to the White House of officials of the president's campaign headquarters:

"Former President Theodore Roosevelt in his campaign for renomination for a third term is conducting an organized propaganda to wreck the Republican party. No word or deed has up to this time been too mendacious or too mean, either on his own part or on the part of his understrappers to accomplish the end they have in view.

"Mr. Roosevelt himself has denounced by name the Republican leaders in New York state who now oppose him for a third term, regardless of the fact that he accepted to the full of their support for governor and for vice president and president of the United States, and notwithstanding the fact that William L. Ward of New York, who for years has worked hand in glove with every Republican leader in the state from Thomas C. Platt and B. B. Odell down to William Barnes, Jr., has been the active supporter, the political adviser and personal representative of Mr. Roosevelt in all 'deals' necessary to the progress of the Roosevelt movement engineered from New York headquarters in this contest.

"In contrast, the conduct of President Taft and his supporters stands forth as a sincere endeavor to maintain the Republican party, not only in accordance with its principles but as a political organization which wins victories at the polls.

"The deliberate, reckless and mendacious campaign of Theodore Roosevelt for the wrecking of the Republican party is called to the attention of the country in order that the issues hereafter may not be misunderstood."

ARE CONFIDENT OF VICTORY

Taft's Friends Say He Will Win on First Ballot.

Washington, April 16.—The Roosevelt victory in Pennsylvania, following his victory earlier in the week in Illinois, has drawn the lines tighter in the contest between the president and the former president. Roosevelt now believes that he will be able to win away from Taft some of the latter's support in the South and he will make a stumping tour in that section as soon as he gets through with his trip to the Middle West.

The Taft people, however, insist that Taft will be nominated on the first ballot at Chicago, not by as large a majority as some of them had been figuring, but still by a majority large enough to show that Taft is decisively the choice of the party. There is to be no compromise candidate, they say.

BLAMING SENATOR PENROSE

Taft Supporters Bitter Over Pennsylvania Result.

Washington, April 16.—The Taft people think it is time for Senator Penrose to come ashore from his yacht and explain, if he can, what happened to the president in Pennsylvania Saturday.

They are bitter toward him, not for publication but privately. What they say about him among themselves would burn out a wireless plant. The senator, however, has gone aboard his yacht, it is said.

They not only are sore over the result but they also are disgusted over the manner in which Penrose began to claw out to sea when he saw he was on a lee shore, leaving them to battle with the breakers.

SMALL TOWNS WIPED OUT

Floods Make Thousands of Persons Homeless.

New Orleans, April 16.—Parts of thirteen parishes in Northeast Louisiana are facing a deluge unparalleled in the history of disastrous floods of the lower Mississippi valley. Numerous towns in East Carroll and Madison parishes already have been wiped out, vast stretches of valley lands are covered by from six to twenty feet of water and a flood twenty feet deep and more than a mile wide is rushing through the great Dog Tail crevasse near Aslatia, La.

Already thousands are homeless and destitute.

Lewis Jury Has Disagreed.

St. Louis, April 16.—The jury in the trial of E. G. Lewis, charged in the United States district court with using the mails to defraud, reported to Judge Amidon that it was unable to agree. Judge Amidon discharged the jury. It had been out seventy hours.

HARRY K. THAW.

Will Have New Inquiry Into Mental Condition.

THAW SEEKS LIBERTY AGAIN

Supreme Court Justice Seeks New Inquiry Into Mental Condition.

New York, April 16.—On application of Clarence J. Shearn, a writ of habeas corpus was signed by Supreme Court Justice Stapleton in Brooklyn, directing Dr. John W. Russell, superintendent of Matteawan insane asylum, to produce Harry K. Thaw in the supreme court in Brooklyn next Friday at noon for a judicial inquiry into his present mental condition.

New Hamline President.

St. Paul, April 16.—The committee selected by the board of trustees of Hamline university at a meeting decided to recommend Samuel Kerfoot, president of South Dakota Wesleyan university, as a successor to Dr. G. H. Bridgeman, whose resignation goes into effect at the end of the school year.

CONCEDES LOSS OF LIFE WILL BE HEAVY

White Star Official Describes Disaster as Horrible.

New York, April 16.—Vice President Franklin of the White Star line conceded that there had been "a horrible loss of life" in the Titanic disaster. He said that he had no information to disprove the press advices from Cape Race that only 675 of passengers and crew had been rescued. He said that the monetary loss could not be estimated, although he intimated that it would run into the millions.

"We can replace the money," he added, "but not the lives. It is horrible."

Mr. Franklin continued:

"As far as we know it has been rumored from Halifax that three steamers have passengers on board, namely, the Virginian, the Carpathia and the Parisian. Now we have heard from Captain Haddock of the Olympic that the Titanic sank at 2:20 o'clock Monday morning. We have also learned from him that the Carpathia had 675 survivors on board. It is very difficult to learn if the Virginian and Parisian have any survivors on board. We have asked Captain Haddock and our agent at Halifax to ascertain if there are any passengers aboard the two steamships.

"We very much fear, however, that there has been a great loss of life, but it is impossible for us to give further particulars until we have heard from the Parisian and Virginian. We have no information that there are any passengers aboard these two steamships."

CALLS HARMON REACTIONARY

Bryan Opens Campaign Against Governor in Ohio.

Akron, O., April 16.—William J. Bryan spoke here after having delivered a half dozen ten-minute speeches in as many cities on the first day of his anti-Harmon campaign in Ohio. Mr. Bryan declared the Ohio governor was "one of the greatest reactionaries the country has known."

The trip began with a speech at Ravenna, in which he said: "I affirm that Harmon has not changed his sympathies since 1896 when he was with President Cleveland in opposing the Democratic party."

"I affirm that Harmon's sympathies are, as they were then, with the Wall street masses."

Daizell Is Defeated.

Pittsburg, April 16.—John Daizell, representative from the Thirtieth Pennsylvania district, has been defeated for the renomination by M. Clyde Kelly, a progressive in the last legislature. The result was definitely known when the official count was made.

Monsignor McNamara Dead.

New York, April 16.—Monsignor V. P. McNamara, vicar general of the Long Island diocese and rector of St. Joseph's Roman Catholic church in Brooklyn, is dead at Amityville. He had been in ill health for more than a year.

DEMOCRATS' FIRST BREAK

Caucus Decision in Battleship Matter Caused It.

QUITE A FEW HAVE BOLTED.

Result May Be One if Not Two Ships. \$33,000,000 Asked by Ayres For New York Harbor Improvements—Senator Smith of Georgia Would Create a Division of Markets.

By ARTHUR W. DUNN.

Washington, April 16.—[Special.]—The first break in the Democratic ranks, interrupting the smooth sailing which that party has enjoyed from the beginning of the Sixty-second congress, comes as a result of the determination of quite a number of Democrats not to stand by the caucus in the matter of battleships. Twice the caucus has decreed there shall be no appropriation for battleships at this session and once turned down the mild and conservative Chairman Padgett of the naval committee, who advocated at least one ship.

The fight on battleships has been carried on by those congressmen who have been refused any public building "perk" by the majority of the Democrats controlling the caucus. "No buildings, no battleships," has been the slogan, and for a time it looked as if it might prove a winning cry, but if the refusal to stand by the caucus should have any considerable support it will mean at least one if not two ships.

Men representing seaboard cities are much interested in battleships. This applies particularly to New York, where Congressman Ayres, representing the Bronx district, has been one of the first to proclaim his intention to support two battleships. Ayres is bustling for New York on general principles. He has introduced a bill for improving New York harbor, which will cost \$33,000,000.

Division of Markets.

Senator Hoke Smith of Georgia has introduced and reported from the committee on agriculture a bill establishing a division of markets in one of the bureaus of the agricultural department. It is rather a good idea, too, for it is in the direction of what farmers and producers are doing for themselves in the way of eliminating the middleman. The new division is expected to furnish information to farmers and to societies of consumers so that the former may know what they can charge for their products and the latter may know how much they ought to pay. Perhaps this may develop into making a bureau which will become the middleman between producers of agricultural products and the consumers without making the usual percentage.

Looks After Alaska.

Although Congressman Sulzer is chairman of the foreign affairs committee he still is true to Alaska, whose interests were cared for by the committee on territories, of which Sulzer was a long time member. Sulzer's latest effort is to give \$10 bounty each for wolves killed in Alaska. Bounties for killing wolves have often been given by states and communities, but the general government is rather shy of all bounty propositions.

Vain Regrets.

"I should regret to spend another summer in Washington," remarked Senator Bristow of Kansas, urging the senate to hurry along its business. "I am now serving my fourth year," he continued, "and I have spent every summer in Washington. Unless we get down to business soon we will find ourselves struggling through a hot summer."

Very, very true, but did the senate "get a move on" after that warning? Not to speak of. After debating something for a short time the senate adjourned over Saturday and continued to meet at 2 o'clock.

Arizona on the Job.

That newest state—I suppose that Arizona will be called the last state because so named in the admission bill—is making itself felt in the senate. Already her senators have attempted to disestablish that hoary old tradition about keeping everything regarding executive sessions in the dark. They have been insisting that a joint resolution, protesting against the confirmation of a federal appointee in that state, passed by the state legislature and published in the papers, shall be printed in the record. Objections have been made by the "elder statesmen" on the ground that the document is "secret" or belongs to executive session secrecy. Funny, isn't it?

Chicago "Indians."

In discussion of the Indian appropriation bill Congressman Mann said that the people of his town would deem themselves fortunate if they could have the government build bridges for them and keep them in constant repair. "But you are not an Indian," remarked Murdock of Kansas. "We have more Indians in Chicago than there are in the United States outside of Chicago of red skin," declared Mann, and those who knew something of the kind of "Chicago Indians" to which Mann alluded appreciated his little joke.

"Murphy's"**St. Paul Symphony**

Walter Henry Rothwell, conductor of the St. Paul Symphony orchestra which will visit Brainerd on its spring tour of the western states, is considered by music critics all over the country as one of the foremost conductors in the United States.

Although a young man, being only 34 years of age, his reputation has spread throughout Europe and he is recognized in all the musical center on the continent as a really great musician.

Mr. Rothwell spends all of his summers abroad, often directing the best known orchestras in Europe by invitation. During his visits in Europe, he makes it a point to replenish the library of the St. Paul orchestra, and he has been able to pick up many novelties which the orchestra would not have received otherwise. The library of the St. Paul organization is said to be more valuable than any in the United States.

The program of the Brainerd concert will be published in Wednesday's Dispatch.

The Danger After Grip

Lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver, and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by all druggists. tfs

"Murphy's"

St. Paul Symphony

Walter Henry Rothwell, conductor of the St. Paul Symphony orchestra which will visit Brainerd on its spring tour of the western states, is considered by music critics all over the country as one of the foremost conductors in the United States.

Although a young man, being only 34 years of age, his reputation has spread throughout Europe and he is recognized in all the musical centers on the continent as a really great musician.

Mr. Rothwell spends all of his summers abroad, often directing the best known orchestras in Europe by invitation. During his visits in Europe, he makes it a point to replenish the library of the St. Paul orchestra, and he has been able to pick up many novelties which the orchestra would not have received otherwise. The library of the St. Paul organization is said to be more valuable than any in the United States.

The program of the Brainerd concert will be published in Wednesday's Dispatch.

TOLTZ NOT AT COUNCIL MEETING

National Light, Heat & Power Co. Man Unable to Attend Last Night's Council Meeting

2 LIQUOR LICENSES GRANTED

Council to Take up the Water and Light Board Examination Thursday, April 18

Max Toltz, president of the National Light, Heat & Power Co., who had been summoned to appear in Brainerd by a joint demand of the water and light board and the city council, was unable to attend last night's meeting. It is hoped to hear from him today and if he arrives in Brainerd a special meeting of the council will be called to confer with Mr. Toltz about electric light affairs in Brainerd.

All members of the council were present last evening except Alderman E. O. Webb. President C. B. Rowley presided.

The council adopted a resolution to hear oral testimony at a special meeting on April 18 at eight o'clock in the evening, such meeting to be continued from time to time and to take up certain matters covered by the examination of the books, records and accounts of the water and light board.

On motion a stenographer was ordered to take the report of the testimony and to be paid not over 50 cents per hour.

The civic committee of the Brainerd Musical club presented the city with 12 metal cans for waste paper cans, the same having been donated to them by the Slipp-Gruenhagen Co. The council accepted them and they will be placed on convenient corners under the supervision of the street committee. The cans are three feet in height and 18 inches in diameter. They are supplied with covers and a circular opening in the side permits the bystander to throw in his waste paper. On the side is printed "Keep our City Clean." Donated by Slipp-Gruenhagen Co.

On motion of Alderman Fogelstrom the purchasing committee was ordered to buy a half dozen "come alongs" for the police department.

The matter of repairing the sewer on the corner of Oak and Eleventh streets was left in the hands of the street committee.

The matter of cleaning the sewer on Third avenue near the Crust and Maloney residences was left in the hands of the street committee, to use their best judgment in the work to be done.

REMEMBER TAG DAY APRIL 20

Best Tag Day in Years Set For the Best Pay Day in History of Brainerd

FOR VISITING NURSE FUNDS

In Seven Months the Visiting Nurse Answered 707 Sick Calls, Supplied 35 Needy Families

Remember Tag Day, set for Saturday, April 20, the day when Brainerd will have the biggest pay day in the history of the shops.

It will be the biggest pay day in years and the promoters of Tag Day hope to make it the best Tag Day in years. Funds are necessary to support the work of the Visiting Nurse during the coming year.

Everyone who contributed to the Visiting Nurse fund last year at Tag Day cannot help but feel proud of the fact that every cent has been expended in doing a great amount of good. There can be no doubt but that the citizens of Brainerd want this most efficient and practical charity to continue.

During the last seven months an expert trained nurse has answered 707 calls on the sick, has supplied 35 needy families with necessities, has treated 16 tubercular cases and 8 typhoid cases and in each case the people attended have needed expert nursing and could not have obtained it but for your contribution last Tag Day. Of course you will contribute to continue just this sort of good work.

CONSERVATION OF WATER

Col. Freeman Thorpe Says Water Supply of Earth is in Danger Unless Something is Done

A Washington telegram says: Freeman Thorpe, of Hubert, Minn., was a caller at the White House today with Representative Nye. Mr. Thorpe has been in conference with officials of the geological survey about the conservation of water supply and has presented some views of his own for the prevention of seepage. He declares that unless steps are taken to preserve the water supply there will not be enough water on the earth in fifty years to meet the needs of the people.

LIBRARY BOARD'S SPECIAL MEETING

Board to Ascertain if Managers of Carnegie Fund will make a Donation to Finances

SOME BILLS ARE ALLOWED

Book of Mrs. Caroline Bartlett Crane on Examination of Cities Added to Library

A special meeting of the library board was held on April 12. The meeting was called to order by the president, Mr. Wilson. The members present included Rev. Davis, Mr. Roderick, Miss Cosgrove and Mesdames Patek and Rowley.

A committee on lights reported having seen the president of the water and light board who said he would see what could be done along the line of furnishing lights.

After a discussion of finances, Mrs. Patek was appointed to correspond with the managers of the Carnegie fund and see if they would be willing to make a donation to finance the increasing demands of the library.

A motion carried that if the Musical club wanted to plant trees on Arbor Day they may do so, the trees to be approved by Mr. Wilson and the building committee.

A book was presented by Howard Elliott, president of the Northern Pacific railway, which gives a history of the road from its origin to the present time. A motion carried that the gift be accepted and a letter of thanks be written him.

The following bills were allowed: Dower Lumber Co. \$3.00, Mahlum Lumber Co. 35.00, Henry I. Cohen, insurance, 4.80, Slipp-Gruenhagen, plumbing, 8.30.

Mr. Roderick was appointed to see the Slipp-Gruenhagen Co. in regard to work done, and also to have a clock repaired.

The state board of health recommended that Mrs. Caroline Bartlett Crane's account of the investigation of seventeen cities in Minnesota be put in the library. Motion carried that the secretary should order the book.

The monthly reports of the librarian for January, February and March read and placed on file.

The book committee was given power to have the books repaired. The librarian, Mrs. Lillia M. Follett's, summary for March is as follows:

At nine o'clock this morning was held the opening session of the Park Region conference of the German Lutheran Zion's church, meeting at the parsonage on North Tenth street. Before the day is over, 35 delegates are expected to be in attendance.

The conference is of great importance to the church and will last three days, being Tuesday, Wednesday and Thursday.

COMMISSIONERS PROCEEDINGS

Meeting of the Board of County Commissioners held April 13th, 1912

Meeting called to order at the County Auditor's office at 8 o'clock p. m. All members present.

Pursuant to adjournment the board met to receive bids on repairing the Mississippi bridge at the dam.

The following bids were submitted:

G. W. Northrup, plan "A"-----\$4000
Security Bridge Co. plan "A"-----\$1997
and \$40, per thousand for all new timber replaced over and above what is called for in the specifications.

A motion was made by Commissioner Kienow to reject all bids and improve the road down the west side of the river to the Laurel street bridge.

Motion seconded by Commissioner Edquist but voted down. Mr. Poppenberg moved to accept the bid of the Security Bridge Co. for plan "A".

Mr. Kreech advocated rebuilding the whole bridge according to plan "B" but receiving no support, he finally seconded Mr. Poppenberg's motion which was carried, Erickson, Kreech and Poppenberg voting "aye" and Kienow and Edquist voting "no."

The Auditor was authorized to pay Howard Spencer \$50, more on his contract of surfacing State road No. 3, leaving \$80, for finishing the work.

Corrected plat of "Lakewood Park" with the approval of the county surveyor endorsed thereon, was presented to the board by Engineer Knudsen the same was approved and ordered placed on file.

The whole board having examined both routes of the Gull Lake road, and having determined to improve the route which leads across the narrows of Long Lake, a committee consisting of Commissions Kreech and Kienow was appointed to act with the chairman in arranging for the work and they were given authority to expend \$500 on said road.

On motion meeting adjourned until Tuesday, May 7th, 1912 at 10 a. m.

TOLTZ NOT AT COUNCIL MEETING

National Light, Heat & Power Co. Man Unable to Attend Last Night's Council Meeting

2 LIQUOR LICENSES GRANTED

Council to Take up the Water and Light Board Examination Thursday, April 18

Max Toltz, president of the National Light, Heat & Power Co., who had been summoned to appear in Brainerd by a joint demand of the water and light board and the city council, was unable to attend last night's meeting. It is hoped to hear from him today and if he arrives in Brainerd a special meeting of the council will be called to confer with Mr. Toltz about electric light affairs in Brainerd.

All members of the council were present last evening except Alderman E. O. Webb. President C. B. Rowley presided.

The council adopted a resolution to hear oral testimony at a special meeting on April 18 at eight o'clock in the evening, such meeting to be continued from time to time and to take up certain matters covered by the examination of the books, records and accounts of the water and light board.

On motion a stenographer was ordered to take the report of the testimony and to be paid not over 50 cents per hour.

The civic committee of the Brainerd Musical club presented the city with 12 metal cans for waste paper cans, the same having been donated to them by the Slipp-Gruenhagen Co. The council accepted them and they will be placed on convenient corners under the supervision of the street committee. The cans are three feet in height and 18 inches in diameter. They are supplied with covers and a circular opening in the side permits the bystander to throw in his waste paper. On the side is printed "Keep our City Clean." Donated by Slipp-Gruenhagen Co.

On motion of Alderman Fogelstrom the purchasing committee was ordered to buy a half dozen "come alongs" for the police department.

The matter of repairing the sewer on the corner of Oak and Eleventh streets was left in the hands of the street committee.

The matter of cleaning the sewer on Third avenue near the Crust and Maloney residences was left in the hands of the street committee, to use their best judgment in the work to be done.

City Treasurer A. M. Opsahl submitted the following report:

Policeman Bourquin had been paid in full.

City Attorney M. E. Ryan submitted the abstract covering the city hall site on the corner of Fifth and Laurel streets.

A liquor license was granted to C. J. Evensta, all voting aye except Alderman Anderson.

A liquor license was granted to K. H. Flynn, Aldermen Henning, Olson and Anderson voting nay, Alderman Fogelstrom being excused from voting, and five aldermen voting aye. The license was granted.

REMEMBER TAG DAY APRIL 20

Best Tag Day in Years Set For the Best Pay Day in History of Brainerd

FOR VISITING NURSE FUNDS

In Seven Months the Visiting Nurse Answered 707 Sick Calls, Supplied 35 Needy Families

Remember Tag Day, set for Saturday, April 20, the day when Brainerd will have the biggest pay day in the history of the shops.

It will be the biggest pay day in years and the promoters of Tag Day hope to make it the best Tag Day in years. Funds are necessary to support the work of the Visiting Nurse during the coming year.

Everyone who contributed to the Visiting Nurse fund last year at Tag Day cannot help but feel proud of the fact that every cent has been expended in doing a great amount of good. There can be no doubt but that the citizens of Brainerd want this most efficient and practical charity to continue.

During the last seven months an expert trained nurse has answered 707 calls on the sick, has supplied 35 needy families with necessities, has treated 16 tubercular cases and 8 typhoid cases and in each case the people attended have needed expert nursing and could not have obtained it but for your contribution last Tag Day. Of course you will contribute to continue just this sort of good work.

It Looks Like a Crime

To separate a boy from a box of Bucklen's Arnica Salve. His pimples, boils, scratches, knocks, sprains and bruises demand it, and its quick relief for burns, scalds or cuts is his right. Keep it handy for boys, also girls. Heals everything healable and does it quickly. Unequaled for piles. Only 25 cents at all druggists. ttw

SOCIAL EVENTS

The W. A. M. Johnstone parlors presented a sprightly scene last evening, the occasion being an informal reception given by Mr. and Mrs. Johnstone to the old friends of Mr. and Mrs. Myson-Lind. Over half a hundred welcomed the young couple back to their home town. The evening was spent in gay conversation, music and readings. Mrs. Crane, of Minneapolis, formerly of this city, delighted the ensemble with whistling solos, readings and a recitative accompanied by herself. Mrs. Myson-Lind, with her usual delicacy, rendered two beautiful piano solos. The dainties, served at the close of the evening, savored of the sincere hospitality and delicate appreciation of the friendly chat inspired by "viande."

Almost a Miracle

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was affected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at all druggists. ttw

ARRANGE SCHEDULE FOR THE LEAGUE

Committee of the Central Minnesota Baseball Association Met at Little Falls Sunday

DIRECTORS TO CONSIDER IT

Brainerd, According to this Schedule has 12 Games to Play at Home

The committee appointed by the directors of the Central Minnesota Baseball association, says the Little Falls Transcript, met in Little Falls Sunday and formed a schedule. The committee consisted of the officers of the association, Joseph Doty, president; Leigh Cary, secretary and Charles Sylvester, treasurer.

The schedule will have to be ratified by the directors and Mr. Doty has called a meeting to be held at Little Falls next Friday afternoon for that purpose. The recommendations of the directors for umpires and scorers will also be made and any other business transacted which may come up.

The schedule as drawn up by the committee places the league opening on May 5 and the final games are scheduled for September 1. Each team has one or more Sundays for which no league games are scheduled and the clubs can secure games with teams not in the league for these dates.

Brainerd has 12 games scheduled at home, Little Falls has 11 games at home, St. Cloud has 14, Sauk Rapids and Foley composing Benton county have 10 games, Staples has 7 and Royalton 6 home games.

The schedule of home games as arranged by the committee is as follows for Brainerd:

1. May 5, Staples.
2. May 12, Little Falls.
3. May 30, Staples.
4. June 2, Royalton.
5. June 16, Benton County.
6. June 30, Royalton.
7. July 7, Benton County.
8. July 28, open date.
9. August 4, St. Cloud.
10. August 11, Benton County.
11. August 18, Little Falls.
12. September 1, Royalton.
13. September 2, Staples.

According to this list Brainerd gets three games each with Royalton, Benton County and Staples and one game with St. Cloud and two with Little Falls.

CLYTHIA VAN BARKLEY

The Van Barkley Co. will appear in a one act Irish comedy, "One Touch of Nature" at the Brainerd opera house next week. Miss Clythia Van Barkley, who makes a hit in this sprightly comedy, is a former Brainerd resident. She is one of the stars in vaudeville on the Sullivan-Conside circuit. The comedy has played to large houses on the whole circuit and has proven a headliner on vaudeville programs. Manager Brown announces this as one of his leading attractions on next week's program, opening Sunday.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Pastor Russell's Easter Sermon Delivered in Academy of Music Before a Congregation of 2,500—Shows Some Inconsistencies of Present Beliefs.

PASTOR RUSSELL

Brooklyn, N. Y., April 15. — Pastor Russell of the Brooklyn Tabernacle preached in the Academy of Music today to nearly 2,500 hearers. His topic was, "Why Christ Arose from the Dead." His text was: "If Christ be not risen, then is our preaching vain and your faith also vain; yea, and we are found false witnesses of God. * * * Then they also which are fallen asleep in Christ are perished." (1 Cor. xv, 14, 15, 18.) He said: "The faith once delivered to the saints by Jesus and the Apostles in respect to the resurrection of the dead has been very generally lost. Christian people profess a belief in the resurrection, because they find it stated in the Bible, yet they are continually in difficulty in their endeavor to make the Scriptural teaching on the subject square with some of the unscriptural theories received into the Church and incorporated into many of the creeds."

St. Paul warned the Church against these human philosophies, and called them "science, falsely so-called," which make void the Word of God. These errors have been instrumental in dividing the faith of God's people into 600 different denominations, with 600 different professions. If God's people could all come back to the simplicity of the Bible's teaching, all of these differences would speedily disappear. God's Word would be seen to be beautiful and harmonious and satisfactory to the consecrated intellect.

The Bible Resurrection Reasonable.

Really the doctrine of the resurrection of the dead has been repudiated by all denominations, not willingly, but intentionally, but perforce, as it were. An opposite theory received and entrenched in the minds gives us place for the doctrine of the resurrection as the Bible presents it. Consequently we have twisted the doctrine of the resurrection and recite, "I believe in the resurrection of the body."

Yet, even this perverted view of the resurrection is not satisfactory to those who hold it. They wish many a time that the doctrine of the resurrection was not in the Bible, so much difference does it cause. For instance, how inconsistent it seems that they should say, "I believe in the resurrection of the body," and then say, as many do, "Dying is but going home, getting rid of the mortal flesh, and being freed from its limitations. If it is a blessing to die and get free from the limitations of the body, how could it be a blessing to be reincarnated in the body, and be obliged to keep it through all eternity?"

There is nothing inconsistent in the Bible presentation of the resurrection. Not from the Bible, but from men, comes the suggestion of the resurrection of the body. The Bible invariably refers to the resurrection of the soul. It is the soul that dies; as we read, "The soul that sinneth it shall die." Adam was created a living soul, but his living soul came under the death sentence because he disobeyed God. It was his soul that was redeemed from death, not his body. "I will redeem thy life (look up the word life to see if it is from the Hebrew word meaning soul, and if so, add the word soul after the word life, in parentheses) from destruction."—Psalms cii, 4.

To accomplish this redemption we read that Christ Jesus "poured out His soul unto death." He made "His soul an offering for sin." Moreover, we are particularly told that it was the soul of Jesus that was raised from the dead: "I will not leave Thy soul in hell." St. Peter quotes this statement as prophetic of the resurrection of Jesus that His soul was not left in hades. With what body do they come? Is a totally different question. Some of the dead souls, in the resurrection, will come forth with spirit bodies, and others with human bodies, according to the Bible. But the important point is that it is the soul, the being, that comes forth. If the soul dies, as the Bible declares, then manifestly the soul should be resurrected.

Bible Made Void by Tradition.

The difficulty with us has been that we "have made void the Word of God" by our "traditions." We received from the Grecian philosophers a tradition which Socrates and Plato both advocated, namely, that when a human being dies he does not really die. The soul, it is claimed, cannot die, but whenever the soul gets out of the body, the body dies. How strange it seems that we all accepted this philosophy without a word of Scripture, but with hundreds of Scriptures to condemn it!

It behooves us to take a decided stand either with the Grecian philosophers and their theories, or with the Bible. The two are in conflict and whoever attempts to hold both is in confusion. If the dead are not dead, then no human being is dead; and if no one is dead, how could there be a resurrection of the dead?

LONDON'S NEW DRINK TEST.

When a Man Can Say "British Constitution" He Is Not Full.

A new test for drunkenness has been adopted by London police magistrates. If the suspect can say "British constitution" without stumbling he is discharged.

The first prisoner to try it got three months. The best he could do was "Bish cuss."

ENGINEERING

F. A. GLASS—Mining Engineer and surveyor. Direction of Explorations, surveys, plans, estimates reports.

BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsite will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to

COMMITTEE BUSILY ENGAGED

Organization Practically Completed
To Handle Tag Day—Success
Rests With People

The health committee with whom
rests the responsibility of raising
funds for the maintenance of the
work of the Visiting Nurse have
practically completed the prelimi-
nary work for Tag Day next Saturday.
The papers of the city have donated
and printed all the tags. The ladies
have tied them and most of the sta-
tions for the sale of the tags have
been assigned.

The work of the Visiting Nurse is
most comprehensive. It not only in-
cludes the taking care of the sick
who cannot afford expert nursing but
the Visiting Nurse has carried on a
campaign of education. It is worth
as much to teach people how to live
so as to prevent disease and sickness
as it is to relieve it. The work of
the Visiting Nurse in tubercular cases
has been worth more than the total
amount spent by the committee. Buy
a V. N. Tag on Saturday.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is catarrh. Hall's Catarrh Cure is
the only positive cure now known to the
medical fraternity. Catarrh being a con-
stitutional disease, requires a constitu-
tional treatment. Hall Catarrh Cure is
taken internally, acting directly upon the

"When my baby was three weeks old,
I was taken with Typhoid Fever and had
to raise him on the bottle. We tried many
kinds of food. He was so weak he could
not stand milk. He was nothing but a
skeleton when he was born and weighed
ten and one-half pounds when three months
old. We went to a large drug store and
asked what kind of baby food they sold
the most of, and they told us Mellin's
Food. I have used it ten weeks and now
my baby weighs 23 pounds. He could
not have lived much longer without
Mellin's Food, and it was the only thing
that agreed with him."

CONFERENCE WILL LAST THREE DAYS

German Lutheran Conference in Session at the Parsonage Near Former 10th St. Church

LIST OF DELEGATES PRESENT

Morning Doctrinal and Afternoon Business Sessions; Wednesday Evening Church Services

The semi-annual conference of the Park Region district of the German Lutheran church will last three days and the first session was held at nine o'clock Tuesday morning, the meetings being held in the parsonage situated near the site of the former tenth street church.

Rev. J. Grabarkewitz, of Freiberg, presides at the gathering and Rev. A. G. Duenow, of Corliss, is the secretary of the assembly. The morning sessions are devoted to doctrinal discussions and the afternoon meetings are business sessions. Tuesday morning Rev. Alfred Streufert, of Bertha, read a paper on the ninth chapter of the First Corinthians and a discussion followed. In the afternoon the reports of the mission committee, the committee on needy students and other reports were listened to.

On this Wednesday evening there will be church services in German at the Nor-Dan, Lutheran church, 521 Bluff avenue, to which all friends of the church and the public generally are invited. The services commence at eight o'clock. The Lord's supper will be administered to the visiting pastors. Rev. E. Meichner, of Long Prairie and Rev. Henry Feiertag, of Fergus Falls, will fill the pulpit.

On Wednesday morning will be usual doctrinal discussion and in the afternoon the business session, at which time the next place of meeting and the date will be set. The conference closes on Thursday noon.

The delegates in attendance come from Stearns county and the counties in general lying in the central and northern part of Minnesota in what is known as the Park Region district, and among those in attendance are Rev. F. Ahrens of Sabin; Rev. A. 2t

Bartz, of Alexandria; Rev. C. Bramscher, of Pequot; Rev. J. Burmeister, of Unity; Rev. A. Cagann, of Dorset; Rev. J. Dawidowski, of Gilman; Rev. W. Eifert, of Ottertail; Rev. J. H. Engel, of Cedar Lake; Rev. Henry Feiertag, of Fergus Falls; Rev. John Grabarkewitz, of Freiberg; Rev. H. Groh, of Perham; Rev. Theodore Heine of Elizabeth; Rev. F. Helmstetter, of Campbell; Rev. Robert Kochler, of Long Prairie; Rev. E. Meichner, of Long Prairie; Rev. A. J. Mueller, of Frazee; Rev. J. Oehlert, of Little Falls; Rev. Otto Richter, of Vergas; Rev. August Sieving, of Dent; Rev. Alfred Streufert, of Bertha; Rev. H. W. Weseloh, of Fairhaven; Rev. A. G. Duenow, of Corliss; Rev. F. J. Celtz, of Thief River Falls; Rev. P. W. Roehrs, of Cass Lake.

NOTICE

Brainerd, Minn., April 17, 1912. To Whom it May Concern:

In the death of our child, Leonard Howard Zabel, resulting from an automobile accident on April 4th, 1912, on Third avenue in East Brainerd, we wish to say that we believe that Joseph Brandt had no intention to do injury to our child and that after the accident Mr. Brandt acted in a many way in coming to our home and offering sympathy and any assistance possible in our great sorrow and bereavement. And we have no desire personally, to have Mr. Brandt punished further on account of this accident.

ALBERT ZABEL,
BARBARA ZABEL.

G. E. Calhoun, 804 W. 3rd St., Sioux Falls, S. D., says: "I had a bad case of kidney trouble and suffered greatly with severe pains in my back. The action of the kidneys was very irregular and painful. I took Foley Kidney Pills and in a few days the pain left and the kidney action was corrected. I am now well and gladly recommend Foley Kidney Pills." For sale by all druggists.

FIRST THEATER TO GO.

Oldest Playhouse in Country to Be Replaced by Business House.

The building occupied by the first theater in the United States, located in Philadelphia, is being demolished to make way for a big business establishment. The early theater was built in 1759 and opened a year later with Hallam's company of players from England. So great was the objection to a theater in the city that the building was located just outside the confines proper, in the old district of Southwark, in a locality then in ill repute, known to the wits of the towns as "Society hill."

Despite the fact that it was outside the city's jurisdiction, strong efforts were made to suppress it, especially by the Presbyterian synod, which petitioned Judge William Allen to close the house. He refused to do so, declaring that he had obtained stronger moral lessons from attending the theater than from many sermons which he had heard in church.

The theater burned in 1821 and was rebuilt and in recent years had been used as a distillery.

THE EFFECTIVE LAXATIVE.

Tastes Like and Is Eaten Like Candy.

In our experience in the handling of drugs and medicines, we believe we have never had experience with any Remedy that gave such great satisfaction to our customers as do Rexall Orderlies. This Remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

Our own faith in Rexall Orderlies is so strong that we offer them to you with our own positive personal guarantee, that if they do not thoroughly satisfy you, you only need tell us and we will hand back to you every penny you paid us for them. Therefore, in trying them upon our recommendation you take no risk whatever.

Rexall Orderlies taste like and are eaten like candy. They do not gripe, cause nausea, excessive looseness, or any other annoyance. They act so easily that they may be taken at any time, day or night. They are particularly good for children, aged, or delicate persons. They are put up in convenient tablets in three sizes of packages. Prices, 10c., 25c., and 50c.

Remember, Rexall Remedies can be obtained in this community only at our store—The Rexall Store. —Johnson's Pharmacy

MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS "SYRUP OF FIGS"

Waste-clogged bowels, torpid liver and decaying food in stomach cause the sick headache, gas, backache, sallowness, biliousness and indigestion

All women get bilious, headachy and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruity Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, sallowness, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning when the sour bile, clogged up waste and poisonous matter have been gently but thoroughly moved on and out of your system, without nausea, griping or weakness. Your head will be clear, complexion rosy, breath sweet, stomach regulated; no more constipation, gases, pains and aches.

It is simply a matter of keeping your stomach, liver and bowels clean and regular. Then you will always be well—always look and feel your best. But get the genuine—the old reliable. Ask your druggist for "Syrup of Figs and Elixir of Senna." Refuse with contempt, the so-called Fig Syrup, sometimes substituted to fool you. The true, genuine, bears the name California Fig Syrup Company; look for this on the label.
